DE SOTO COUNTY: JOSHUA CREEK CEMETERY

This cemetery record has been a group effort by many dedicated and historically minded individuals. It was originally copied and compiled by Stanley and Doris Nicholson of Arcadia in 1970 thru 1974. The original manuscript was typed by Mrs. Mary C. Waters of Fort Myers who also prepared a map of the cemetery. Mrs. Virginia Creighton Westergard of Coronado, California provided family information not only on her Blount and Parker families but much additional help on all families and the format of presentation. Please see Issue #19/20 for a listing of printed sources used for additional info and individuals who contributed family information about relatives and friends.
